

Become an Expert in AI AI & ICT / Tech

Curriculum

Equip Your Candidates with the #1 Skillset Modern Tech Demands

Stop Wasting Dev Cycles on Glue Work. Automate the work out of low-leverage tasks. Our 2-week course focuses on **AI-Augmented Engineering** and Serverless Orchestration—tools that let you ship features instead of managing overhead.

The "AI-First" Tech Advantage conducted by pioneers from **Stanford, Zurich, and Munich**. We equip technical professionals for immediate impact in accelerated R&D, serverless orchestration, and automated operational workflows.

Curriculum Highlights: The Modern Tech Toolkit

Automated Documentation: Generate API docs, READMEs, and RFCs directly from your code—always up-to-date, commit by commit.

Visual Architecture: Convert Terraform plans, logic flows, and schema definitions into clean, stakeholder-ready architecture diagrams. Communicate systems without spending hours in diagram tools.

Serverless Orchestration: Skip spinning up containers for simple automation. Use Make.com to build fast, reliable cross-platform workflows (e.g., GitHub ↔ AWS) with minimal infrastructure overhead.

Intelligent Ops Agents: Create AI agents that triage incidents, validate bugs, and surface internal knowledge automatically.

Format: 2-week
Hybrid Course
(on-site & remote)
in English

Certificates: SAQ and Academy 4 Disruptive Minds

Week 1: Artificial Intelligence & ICT / Tech

DATE	Title	Location	Lecturer	Time
04.05.2026	Introduction to Artificial Intelligence	Onsite, Zurich	Johannes Höllerich Sarah Gottwald	09.00 – 17.00
05.05.2026	AI Agents / Assistants	Onsite, Zurich	Johannes Höllerich	09.00 – 17.00
06.05.2026	AI Tech Advanced Topics	Zoom	Marcel Geffé & Stefan Paulus	09.00 – 17.00
07.05.2026	AI Tech Advanced Topics	Zoom	Marcel Geffé & Stefan Paulus	09.00 – 17.00
08.05.2026	Recap Day Review Session with Course Leads	Zoom	Sarah Gottwald & Johannes Höllerich	11.00 - 12.00

Week 2: Artificial Intelligence & ICT / Tech

DATE	Title	Location	Lecturer	Time
11.05.2026	AI Tech Advanced Topics	Onsite, Zurich	Suprosanna Shit	09.00 – 17.00
12.05.2026	Negotiations & AI	Zoom	Martin Giese	09.00 – 17.00
13.05.2026	Navigating and Advancing in the AI-Job Landscape	Onsite, Zurich	Klaus Fuchs Rockstar Recruiting	09.00 - 17.00
15.05.2026	<ul style="list-style-type: none">❖ AI for job searching❖ Wrap up and feedback❖ Apero	Onsite, Zurich	Sarah Gottwald	12.00 – 16.00
